## KATA ALU-ALUAN

Transformasi Politeknik merupakan usaha strategik Jabatan Pengajian Politeknik yang dirangka selaras dengan Pelan Strategik Pengajian Tinggi Negara (PSPTN). Sebagai peneraju pendidikan dan latihan teknik dan vokasional (TVET), Politeknik menyumbang aktif dalam memastikan aspirasi pembangunan negara tercapai dalam merealisasikan Program Transformasi Kerajaan (GTP) dan Program Transformasi Ekonomi (ETP).

Tahun 2013 merupakan permulaan fasa kedua Transformasi Politeknik iaitu Fasa Peningkatan. Dalam fasa ini, Transformasi Politeknik terus di gerak berpursikian **empat teras utama**, iaitu pemerkasaan Politeknik sebagai pilihan yang setanding dengan universiti; kedua, pembangunan program pengajian dan penyelidikan dalam bidang tujuan; ketiga pemerkasaan warga politeknik dengan pengetahuan dan kemahiran tinggi dan keempat, pembinaan imej bereputasi tinggi dan berbudaya kerja cemerlang. Berlandaskan teras tersebut, **tiga fokus atau tumpuan utama** telah dikenalpasti dalam merencanakan fasa ini; iaitu melalui Pelaksanaan Program Baharu, Jaringan Antarabangsa TVET dan Transformasi Kepimpinan. Impaknya **enam intended outcome atau hasil yang diharapkan** telah disasarkan menjelang tahun 2015 terutama dalam menghasilkan modal insan negara secara lestari bagi meletakkan politeknik sebagai peneraju TVET serantau.

Harapan saya agar warga politeknik berganding bahu dan bekerja dalam sebuah pasukan untuk meneruskan perjuangan bagi memajukan negara melalui perkhidmatan pendidikan dan latihan teknik dan vokasional. Saya yakin dengan sokongan dan kerjasama semua, Politeknik mampu berada setanding dengan universiti. Di samping perubahan stigma warga politeknik dalam penggunaan ilmu dan teknologi futuristik, penghasilan modal insan yang inovatif dan kreatif serta sistem pengajaran dan pembelajaran politeknik yang transformatif. Akhir kalam, saya dengan suka cita menzahirkan ungkapan setinggi-tinggi tahniah kepada Sidang Redaksi Buku Informasi Edisi April 2013 dalam menghasilkan buku ini.

## FOREWORD

*The Polytechnic Transformation Plan represents a strategic initiative by the Department of Polytechnic Education to transform polytechnics, in line with the National Higher Education Strategic Plan (NHESP). Polytechnics have played a pivotal role in the nation's technical and vocational education and training (TVET), so as to ensure the realization of the Government Transformation Program (GTP) and Economic Transformation Program.*

*The year 2013 kick starts Phase 2 of the Polytechnic Transformation Plan. Phase 2 which centres on 4 main thrusts will witness the strengthening of polytechnics, elevating their status to become students' preferred choice as an institution of higher learning, on par with universities. This phase will also signal the rapid development of niche areas for programs and research. The third thrust is aimed at enhancing the knowledge and skills of polytechnic staff to ensure that they become a very highly skilled and competent workforce. The final thrust is aimed at developing an excellent work culture and image. Phase 2 of the Polytechnic Transformation Plan will focus on three main areas namely, implementation of new programs, TVET collaboration in the international arena and transformational leadership. The successful implementation of this phase will see polytechnics producing high calibre human capital by the year 2015, truly spearheading TVET in this region.*

*I sincerely hope that all polytechnic staff will work hand in hand as one formidable team to raise the technical education and training of this nation to a top notch level. I am very confident that your support and co-operation will enable polytechnics to be equally competitive as an institution of higher learning. The transformation of polytechnics will also witness polytechnics moving at an unprecedented pace, acquiring new knowledge, future technology, transformative teaching and learning approaches, producing innovative and creative human capital to propel the nation to become a high income nation. Finally, a BIG Thank You to the Editorial team of the Polytechnic Information, April Edition 2013; this issue would not have been possible without your hard work and commitment. Congratulations!*

## PENGENALAN

Pendidikan di Politeknik mula diperkenalkan di Malaysia melalui penubuhan politeknik pertamanya, Politeknik Ungku Omar di Ipoh di bawah *United Nations Development Plan* pada tahun 1969. Pendidikan ini diperkuuhkan dengan perakuan Jawatankuasa Kabinet mengenai pendidikan pada tahun 1979 dan Pelan Induk Perindustrian Kebangsaan pertama (1985–1995). Kesemua perancangan termasuk perakuan Jawatankuasa Kabinet mengenai latihan (1991), telah membolehkan penubuhan lebih banyak politeknik serta menambah program pengajian bagi memenuhi keperluan pekerja separa profesional dalam bidang kejuruteraan, perdagangan dan perkhidmatan.

Bagi mengukuhkan peranan Politeknik dalam bidang pendidikan dan latihan, Jemaah Menteri pada 20 November 2009 telah menimbang Memorandum daripada Menteri Pengajian Tinggi No. 871/2670/2009 dan bersetuju dengan Hala Tuju Transformasi Politeknik yang melibatkan empat teras berikut:

- Memperkasa Politeknik ke arah menjadi pilihan yang setanding dengan universiti awam yang lain.
- Membangunkan program pengajian dan penyelidikan dalam bidang tujuan yang bertunjangkan kekuatan di setiap Politeknik.
- Memperkasa warga Politeknik dengan pengetahuan dan kemahiran tinggi.
- Membina imej bereputasi tinggi dan budaya kerja cemerlang.

Jemaah Menteri pada 26 Mac 2010 telah menimbang Memorandum daripada Menteri Pengajian Tinggi No. 198/2685/2010 dan bersetuju supaya ditubuhkan empat buah Politeknik METR0 dalam RMK-9 dan enam buah dalam RMK-10 dengan peruntukan sebanyak RM200 juta.

## INTRODUCTION

*Polytechnic education began in Malaysia with the establishment of the Ungku Omar Polytechnic, Ipoh in 1969 under the United Nations Development Plan. The need to provide wider access to technical education and training for the country was given prominence by the Cabinet Committee on Education in 1979 and in the First National Industrial Plan (1985–1995). In addition to decisions made by these committees, the Cabinet Committee on Training (1991) paved the way for the significant development in Polytechnic education. As a result, there was an increase in the number of Polytechnics built and these institutions were able to offer more programmes of study to cater for the demands of more semi-professionals in the engineering, commerce and services sectors.*

*To further reinforce the role of Polytechnics in education and training, on 20th November 2009 the Cabinet deliberated and approved the Higher Education Memorandum No. 871/2670/2009 with respect to Polytechnic Transformation comprising the following four thrusts:*

- *Enhancing Polytechnics towards becoming the students' choice and preferred institution that is at par with universities.*
- *Development of programmes and research in niche areas, representing the different strengths of each Polytechnic.*
- *Equipping Polytechnic teaching personnel and support staff with high skills and competency.*
- *Development of an excellent work culture and image.*

*On 26th March 2010, the Cabinet further deliberated and approved the Higher Education Memorandum No. 198/2685/2010 to establish four METR0 Polytechnics in the 9th Malaysia Plan and six more in the 10th Malaysia Plan with an allocation of RM200 million.*
